

| **PRODUCT LIST**

Our product portfolio covers basic chemicals and specialties for customers active in the polyurethane industry.

■ ISOCYANATES

MDI
TDI

■ POLYOLS

Phthalic anhydride based polyester polyols
Mannich based polyols
Polyether polyols

■ POLYURETHANE SYSTEMS

Spray foam
Pouring foam (Thermal insulation by in-situ injected foam)
Insulated panels (construction elements, refrigerated trucks, sectional doors)
Polyurethane systems for footwear/soles

■ RAW MATERIALS

Amines (MEA, DEA, TEA, etc.)
Flame retardant (TCPP)
Glycols (MEG, DEG, PEG, etc.)
Phthalic anhydride
